Prima Hospitality Group Commercial Agreement 2025

Document ID: DOC-AGR-0021

Agreement ID: AGR-2025-021

Account ID: ACC-0021

Revision: 1

Effective Date: 1 January 2025

Expiration Date: 31 December 2025

Authority Class: CUSTOMER_SPECIFIC

Status: Current documentary representation; agreement EXPIRED

Purpose

Records the historical 2025 Strategic commercial terms for Prima Hospitality Group. It remains authoritative for historical reasoning but does not establish current 2026 entitlement.

Historical Commercial Treatment

During the agreement period, qualifying transactions with Eligible Equipment Subtotal of at least Rp300 juta could receive customer-specific discount treatment up to 10%, subject to the agreement and then-applicable policy.

Historical Delegated Authority

During the agreement period, a Senior Account Executive could approve up to 10% for qualifying Prima transactions within the stated scope.

Historical Payment Terms

Net 30.

Expiration

The agreement expired on 31 December 2025. It does not create new 2026 entitlement and has no automatic renewal.

Existing Transactions

Expiration does not retroactively invalidate transactions validly completed or otherwise governed while the agreement was active. Any surviving quote or order rights must come from the applicable transaction terms.

Current-State Rule

Current account tier, current policy, current authority, and any current agreement must be obtained from their authoritative sources. Historical Strategic status does not override current structured account state.

Illustrative Decision

For a 2026 opportunity where Prima requests 10% and no current replacement delegation exists, the expired 2025 delegation must not be used. Current policy and current role authority govern; where 10% is otherwise policy-supported but above the current user's authority, the state is APPROVAL REQUIRED.
